Python　HTML　CSS　JavaScript

LANGUAGES

English
Proficient　●●●●○

Hindi
Advanced　●●●○○

CERTIFICATION

The AI Masterclass
Dhruv Rathee Academy on 25th May 2025

SOFT SKILLS

- Attention to Detail
- Problem-Solving
- Creativity
- Communication
- Adaptability

PROFESSIONAL EXPERIENCE

Entry-level candidate with strong academic grounding; seeking hands-on experience through internships or junior-level roles to apply and expand technical skills.

PROJECTS

Amazon Clone Project

Developed a responsive e-commerce web application replicating core Amazon features using HTML, CSS, and JavaScript. Implemented product listings, dynamic cart functionality, and user-friendly navigation. Focused on clean UI design, interactive elements, and mobile responsiveness to enhance user experience

Spotify clone

HTML, CSS, JavaScript

Built a responsive music streaming web app inspired by Spotify. Features include a dynamic music player, custom playlists, interactive UI components, and mobile-first design. Focused on clean layout, smooth user interactions, and CSS animations.

Photo Gallery Web

Created a responsive photo gallery using HTML, CSS, and JavaScript, featuring grid layouts, hover effects, and lightbox-style image previews. Focused on clean design, smooth transitions, and optimized image loading for enhanced performance and user experience across devices.

Shutter & Frame – Photography Web Page

HTML, CSS

Designed a visually engaging photography portfolio website with a clean, responsive layout. Showcased high-resolution images using grid-based galleries, smooth hover effects, and elegant typography to highlight visual storytelling.
